

PARTNERSHIP FOR ASSESSMENT OF READINESS FOR COLLEGE AND CAREER (PARCC) SCORES FOR NORTHWEST AREA SCHOOLS

PARCC assessments are scored on a five-point scale: performance level 1 is defined as not meeting expectations (did not pass), level 2 as partially meeting expectations (did not pass), level 3 as approaching expectations (did not pass), level 4 as meeting expectations (passed), and level 5 as exceeding expectations (passed). Results are listed as percentages. The figure listed as "not met" represents a total of levels 3, 2, 1. The first number (in red) is for English and the second (in black) is for math. Here's how to read the chart: Bedford Elementary School, less than 5 percent exceeded expectations in English and math, 32.8 percent met standards in English and 29.5 percent in math. The remaining percentage of students (not listed) did not pass.
